FiddleKicks brings Appalachian clogging to life!

This uniquely American dance, from the southern Appalachian Mountains, emerged from a melting pot of influences - Celtic, African and Cherokee - creating a distinct new form of folk music and percussive dance, performed to the rhythms and driving beat of live banjo and fiddle.

Ten Thousand Villages

map 33

Whether the wild Maine seacoast, railroad images, simple flowers and autumn leaves, or just objects found in his back yard, Registry Artist Mike Berman

loves to capture them in his camera and reveal them as things of wonder and beauty. Textures of sand and rocks, old wood, foggy fields or harbors- all are Mike's potential subjects.

Please remember that **Second Saturday** is only possible with the generosity and participation of local businesses.

Our support of them is shown in foot traffic.

Please patronize our participating businesses, and use our map as your guide to find diverse artwork, live music, yoga, stone cutting demonstrations, Reiki relaxation, face painting, or to make a hip headband!
